PAP BEDOK BRANCH

Block 30 New Upper Changi Road #01-784 Singapore 461030

13 March 2026

Dear Sir

I am writing to recommend my branch volunteer, Mr Siraj Munir Bin Muzammil for admission to the Engineering faculty in your university.

Siraj has been an active and dedicated volunteer with the PAP Bedok Branch since the most recent elections in 2025. During the election period and at our subsequent community events, Siraj demonstrated commitment and teamwork and he has consistently stepped up to support our ground operations.

Most notably, Siraj serves as a dedicated volunteer writer for our weekly Meet the People Sessions at our branch in Block 70 Bedok South Road. In this crucial role, he assists residents who are facing various personal challenges. He actively listens to their concerns, synthesizes the core issues, analyses and includes their details with precision and in doing so, drafts effective appeal letters to the relevant government agencies. This responsibility requires a high level of empathy, maturity, precision and excellent written communication skills. Siraj has consistently proven his ability to handle sensitive information professionally and advocate effectively for our residents.

I strongly support his application and wish him the very best in his academic pursuit.

Yours faithfully

Linus Ng
Branch Secretary
PAP Bedok Branch
